

TravelPearl — Comprehensive Team Development & Design Guide

This guide is designed for your 6-member team. Even if team members have zero prior experience with web design, this document provides the exact layout blueprints, design rules, HTML/CSS component classes, and step-by-step responsibilities for every individual page.

Global Design System & Rules (Must Follow by ALL Members)

To ensure the website looks like one unified, professional platform, every team member must adhere to these foundational rules:

A. Color Palette & CSS

All colors are predefined in `css/styles.css`. Never use random hex colors or default rainbow Bootstrap colors.

Token Name	Hex Code	Usage
Primary Action (<code>--tp-primary</code>)	#533afd	Main CTA buttons, active links, primary highlights
Primary Hover (<code>--tp-primary-hover</code>)	#4434d4	Button hover state
Canvas Soft (<code>--tp-canvas-soft</code>)	#f6f9fc	Default page background (soft off-white to prevent glare)
Canvas Grey (<code>--tp-canvas-grey</code>)	#edf2f7	Alternating section background for visual depth

Token Name	Hex Code	Usage
Card Surface (--tp-card-bg)	#ffffff	Card container background
Dark Ink (--tp-ink)	#0d253d	All headings (h1–h6) and paragraph text
Muted Ink (--tp-ink-mute)	#5a6e85	Secondary text, subtitles, captions, dates
Hairline Border (--tp-hairline)	#e3e8ee	1px clean container and card borders
Pill Subdued (--tp-pill-subdued-bg)	#e8ecf8	Tag/pill badge background

B. Standard Component Rules

- **GLOBAL NAVBAR:** Dark bg-dark, fixed-top, brand on left, links on right.
- **HERO SECTION:** [Pill Badge] $\rightarrow$ Display-4 Heading $\rightarrow$ Lead Subtitle $\rightarrow$ [Action CTA 1] [Action CTA 2].
- **CONTENT SECTIONS:** Section Title $\rightarrow$ Subtitle $\rightarrow$ Responsive Grid Cards (*Card: 20px radius, 1px hairline border, soft drop shadow, circular icon*).
- **GLOBAL FOOTER:** Brand Bio | Quick Links | Services | Newsletter Form.

Containers & Cards

- Use .card or .card-surface (border-radius: 20px, 1px border --tp-hairline).

- Use .icon-circle-surface for circular icon wrappers.

Buttons

- Must be pill-shaped: .btn-action-primary, .btn-action-secondary, or .btn-action-light.
- Use one primary button variant per section (avoid mixing contrasting button colors randomly).

Typography

- Font family is standard clean sans-serif (Helvetica Neue, Arial, sans-serif).
- Headings must have letter-spacing: -0.015em and fw-bold.

Individual Member Responsibilities

Member 1 (Kasun Chiwantha) — Lead Architect & Home Page

- **Assigned Files:** index.html, member1.html, css/styles.css (supervision)
- **Role Title:** Lead Page Editor & Master Landing Page Architect
- **Mission:** Build the central gateway of TravelPearl that immediately builds trust, showcases Sri Lanka's destinations, and lets visitors search and book stays.

Page Layout Architecture:

1. Fixed Dark Navbar (*Brand + Home Dropdown + Page Links*)

2. Hero Section (*Title + Subtitle + Search Bar + 4 Trust Badges*)
3. Why Choose Us (*4 Pillar Feature Cards*)
4. Accommodations Showcase (*3-col Room/Resort Cards with Badges*)
5. Top Destinations (*Galle, Kandy, Nuwara Eliya, Sigiriya*)
6. Transparent Rates & Comparison Matrix (*Responsive Table*)
7. Quick Booking Request Form (*Datepickers, Room Types, Guests*)
8. Verified Guest Testimonials (*3-col Review Cards*)
9. Frequently Asked Questions (*Bootstrap Accordion*)
10. Global Footer (*Newsletter Subscription + Social + Copyright*)

Detailed Tasks for Member 1:

- **Universal Navbar:** Implement navbar navbar-expand-lg navbar-dark bg-dark fixed-top. Include brand text **TravelPearl** and a dropdown under Home linking to page sections (#features, #rooms, #destinations, #pricing, #booking, #reviews, #faq). Ensure links to sub-pages (services.html, about.html, blogs.html, contact.html) are present.

- **Hero Search Section:** Heading: *"Discover Premier Stays Across Sri Lanka"*. Input group with destination text field, check-in datepicker, and a `.btn-action-primary` Search button that smoothly scrolls to `#booking`. Include 4 horizontal trust badges: *150+ Verified Properties, 4.9/5 Rating, Zero Fees, Island-wide Coverage*.
- **Pillar Features Grid (`#features`):** 4-column responsive grid (col-12 col-md-6 col-lg-3). Features: *Curated Luxury, Authentic Tea Estates, Instant Confirmation, 24/7 Island Concierge*.
- **Accommodation Cards (`#rooms`):** 3-column cards featuring local SVG assets (hotel1.svg, hotel2.svg, etc.). Include price per night (in LKR), amenities list with checkmark icons, and a *"Book Stay"* button.
- **Pricing & Comparison Table (`#pricing`):** Wrap in `.table-responsive` using Bootstrap classes `.table .table-hover`. Compare *Eco-Chalet* vs. *Tea Estate Villa* vs. *Ocean Suite* across WiFi, breakfast, and cancellation policies.
- **Interactive Booking Form (`#booking`):** Form fields: Check-in date, Check-out date, Room Type select, Guests count, and Submit button. Add validation classes (`is-invalid, invalid-feedback`).
- **FAQ Accordion (`#faq`):** Bootstrap 5 accordion (`accordion` and `accordion-item`) covering payment security, cancellation policies, and airport pickups.
- **Student Profile (`member1.html`):** Document role, student ID, technical implementations, and component hierarchy.

Member 2 (Sanuk Jayathunga) — Services Page

- **Assigned Files:** services.html, member2.html

- **Role Title:** Hospitality & Services Portfolio Architect
- **Mission:** Detail all tourist, corporate, and excursion services offered across structured pricing packages and service matrices.

Page Layout Architecture:

1. Fixed Dark Navbar (*Active: Services*)
2. Services Hero (*Portfolio Badge + Dual CTA Buttons*)
3. Core Hospitality Solutions (*6 Service Cards in a 3x2 Grid*)
4. 3-Tier Tour & Travel Packages (*Pricing Cards: Bronze/Gold/VIP*)
5. Service Inclusions & Feature Matrix (*Comparison Table*)
6. Custom Itinerary CTA Banner (*Tonal Section with Contact Link*)
7. Service Operations FAQ (*Accordion*)
8. Global Footer

Detailed Tasks for Member 2:

- **Page Header & Hero:** Active navigation item set to services.html. Hero title: *"Comprehensive Island Hospitality Services"* with two buttons: *"Explore Services"* (#core-services) and *"View Tour Packages"* (#tour-packages).
- **6 Core Service Cards (#core-services):** 3-column responsive grid (row g-4 with col-12 col-md-6 col-lg-4).

1. *Luxury Hotel Reservations* (150+ verified properties)
2. *Private Chauffeur & Transfers* (Air-conditioned hybrid fleet)
3. *Curated Safari Expeditions* (Yala, Wilpattu, Udawalawe)
4. *Certified Tea Sommelier Tastings* (Nuwara Eliya estates)
5. *Heritage Cultural Tours* (Sigiriya, Dambulla, Kandy)
6. *Bespoke Event & Wedding Concierge* (Beachfront & heritage venues)

Each card needs a circular icon (icon-circle-surface), title, description, and 3 checkmarked bullet points.

- **3-Tier Travel Packages (#tour-packages):** Section with .section-subtle-grey background.
 - Tier 1: Cultural Explorer (LKR 135,000 / tour)

- Tier 2: Hill Country Heritage (LKR 255,000 / tour — Featured card with .card-featured-dark or highlighted border)
- Tier 3: Ultra-Luxury Island Escape (LKR 495,000 / tour)
- **Service Comparison Matrix Table:** A .table-responsive comparing package inclusions (*Private Guide, 5-Star Stays, All Meals, Safari Permits, Airport VIP*).
- **Custom Itinerary Call-to-Action:** A wide card inviting users to request bespoke travel plans with a direct button to [contact.html](#).
- **Student Profile (member2.html):** Detail the 6-service grid architecture, package cards design, and responsive behaviors.

Member 3 (Akash) — About Us Page

- **Assigned Files:** [about.html](#), [member3.html](#)
- **Role Title:** Narrative, Heritage & Corporate Identity Architect
- **Mission:** Present TravelPearl's founding story, mission, core values, organizational structure, and executive leadership team.

Page Layout Architecture:

1. Fixed Dark Navbar (*Active: About*)
2. About Hero (*Heritage Badge + Jump Links*)

3. Story & Mission (2-Column Narrative + Mission Vision Cards)
4. Four Foundational Pillars (*Sustainability, Respect, etc.*)
5. Chronological Milestones / Timeline (2018 $\rightarrow$ Present)
6. Leadership & Naturalist Team (4 Profile Cards with Bios)
7. Certifications & Accreditations (*SLTDA, Eco-Tourism Badges*)
8. Global Footer

Detailed Tasks for Member 3:

- **Hero Section:** Active navigation item set to about.html. Title: "*Pioneering Sustainable Hospitality in Sri Lanka*". Subtitle emphasizing local heritage, community empowerment, and eco-friendly travel.
- **Founding Story & Mission Section (#our-story):**
 - Left column (col-lg-6): Narrative text detailing how TravelPearl started in Galle in 2018 to bridge high-end travelers with authentic Sri Lankan hospitality.
 - Right column (col-lg-6): Two stacked cards for Mission (*Authentic, eco-conscious travel*) and Vision (*Leading sustainable tourism in South Asia*).
- **Four Foundational Pillars:** 4-column cards:

1. *Eco-Tourism Stewardship* (Zero single-use plastic policy)
 2. *Community Empowerment* (80% local guides & staff)
 3. *Heritage Conservation* (Preserving UNESCO buffer zones)
 4. *Uncompromised Safety* (Certified drivers & 24/7 support)
- **Milestones Timeline:** Timeline cards showing growth from 2018 (Launch with 10 hotels) $\rightarrow$ 2020 (Eco-Initiative) $\rightarrow$ 2022 (Island-wide Chauffeur Fleet) $\rightarrow$ 2024 (150+ Verified Partners).
 - **Executive & Naturalist Team (#our-team):** 4 team cards with avatar placeholders, member names, roles (e.g., Managing Director, Senior Safari Naturalist, Lead Concierge), and short bios.
 - **Government Accreditations & Badges:** Official recognition strip showcasing Sri Lanka Tourism Development Authority (SLTDA) compliance and Sustainable Tourism Council badges.
 - **Student Profile (member3.html):** Document the typography hierarchy, storytelling structure, and team grid layout.

Member 4 (Umar) — Main Blog Interface Page

- **Assigned Files:** blogs.html, member4.html
- **Role Title:** Content Discovery & Editorial Hub Architect

- **Mission:** Build the magazine-style travel guides portal where visitors discover destination stories, wildlife guides, and cultural insights.

Page Layout Architecture:

1. Fixed Dark Navbar (*Active: Travel Guides*)
2. Editorial Hero (*Headline + Category Filter Pills*)
3. Featured Editorial Story (*Large Split-Card Hero Showcase \$\\rightarrow\$ Image + Author Byline + Read Time + Link to blog_read*)
4. 6-Topic Travel Guide Grid (*3x2 Responsive Article Cards: Beaches, Hill Country, Wildlife, Heritage, Food, Surf*)
5. Author & Naturalist Spotlight Strip
6. Travel Digest Newsletter Subscription Card
7. Global Footer

Detailed Tasks for Member 4:

- **Editorial Hero & Category Navigation:** Active navigation item set to `blogs.html`. Title: *"Inspiring Sri Lanka Travel Guides & Stories"*. Filter pills list: *All Guides, Beaches & Coast, Hill Country, Wildlife & Safaris, Heritage & Culture, Culinary Journeys*.

- **Featured Story Showcase (#featured-guide):** Large prominent card (card-surface p-4 p-md-5) with a 2-column layout (col-lg-6 + col-lg-6).
 - Left side: Featured image with badge *"Editor's Choice • 8 Min Read"*.
 - Right side: Title *"Top 5 Pristine Beaches in Sri Lanka: From Secret Coves to Surfer Havens"*, summary paragraph, author tag (*By Sanjeewa Silva, Marine Biologist*), and button: *"Read Full Guide"* pointing to [blog_read.html](#).
- **6-Topic Guide Grid (#guide-grid):** Responsive 3-column grid (col-12 col-md-6 col-lg-4). Cards to create:

1. *Hidden Waterfalls of Ella & Central Highlands*

2. *Yala Safari Guide: Spotting Sri Lankan Leopards*

3. *A Walk Through Time: Galle Fort Colonial Architecture*

4. *The Ultimate Sri Lankan Street Food & Spice Trail*

5. *Sigiriya Ancient Citadel: Climb & History Guide*

6. *Mirissa & Trincomalee: Whale Watching Seasons*

Each card must feature: category badge, thumbnail image, estimated read time, summary, author byline, and a "Read Article" link.

- **Newsletter Digest Callout:** Card encouraging readers to subscribe for monthly island itineraries.
- **Student Profile (member4.html):** Document the editorial grid layout, card hover states, and content filtering structure.

Member 5 (Kaveesha) — Inner Blog UI Interface

- **Assigned Files:** blog_read.html, member5.html
- **Role Title:** Long-Form Reader Experience & Article UX Architect
- **Mission:** Design a clean, distraction-free reading template for articles, complete with breadcrumbs, tables, pull quotes, safety alerts, and related guides.

Page Layout Architecture:

1. Fixed Dark Navbar (*Active: Travel Guides*)
2. Article Header (*Breadcrumbs + Title + Author Info + Share*)
3. Full-Width Featured Graphic with Caption
4. Editorial Article Body (*Typography, Subheadings, Pull Quotes across 5 featured beaches*)
5. Seasonality & Monsoon Comparison Table (*Responsive*)

6. Travel Advisory Alert Box (*Safe Swimming & Marine Care*)

7. Author Bio Box & Article Tags

8. Related Articles Grid (3 Cards) + Next/Previous Navigator

9. Global Footer

Detailed Tasks for Member 5:

- **Article Header & Breadcrumbs:**

- Breadcrumb navigation: Home > Travel Guides > Beaches > Top 5 Pristine Beaches.
- Category pill: *Coastal Guide*.
- Title: *Top 5 Pristine Beaches in Sri Lanka*.
- Meta bar: Author photo/avatar, author name (*Sanjeewa Silva*), publication date (*October 2024*), read time (*8 min read*), and share buttons.

- **Article Content Formatting (inside col-lg-8 centered container):** Introductory paragraph with .lead typography. Distinct numbered sections for each of the 5 beaches:

1. *Mirissa*: Coconut Tree Hill, whale watching, beachfront dining.

2. *Unawatuna*: Protected reef, safe swimming for families.

3. *Nilaveli*: Powder-white sands, Pigeon Island snorkeling.

4. *Hiriketiya*: Horseshoe bay, beginner-friendly surf breaks.

5. *Bentota*: River safaris, luxury villas, jet ski water sports.

Include high-impact pull quotes/blockquotes.

- **Seasonality Comparison Table:** Responsive table comparing the South/West Coast (*Peak: Nov–Apr*) vs. East Coast (*Peak: May–Sep*) regarding rainfall, sea conditions, surf quality, and recommended stays.
- **Travel Safety Advisory Box:** Bootstrap alert container (alert alert-info or custom .card with icon) advising travelers about local flag warning systems, rip currents, and reef-safe sunscreen.
- **Related Stories & Navigation:** "Previous Story" and "Next Story" pill buttons, plus a 3-column "Related Travel Guides" grid at the bottom.
- **Student Profile (member5.html):** Document long-form editorial typography, reading hierarchy, and data table structure.

Member 6 (Erranda) — Contact Us & Validation

- **Assigned Files:** contact.html, member6.html, scripts/scripts.js (validation)
- **Role Title:** Concierge Hub & Form Validation Architect

- **Mission:** Build the island concierge contact page with regional office desks, an interactive inquiry form, dynamic JavaScript validation, and support FAQs.

Page Layout Architecture:

1. Fixed Dark Navbar (*Active: Contact*)
2. Contact Hero (*Support Badge + Dual Action Buttons*)
3. 3 Regional Operations Desks (*Colombo HQ, Galle, Kandy*)
4. Main Inquiry Form + Guarantees Sidebar (*2-Column Layout*)
5. Client-Side JavaScript Validation Alerts (*No Page Reload: Green Banner & Red Field Indicators*)
6. Emergency & Booking FAQ Accordion
7. Location Visual Map / Direct Contacts Container
8. Global Footer

Detailed Tasks for Member 6:

- **Hero & Regional Desks Grid (#regional-offices):** Active navigation item set to contact.html. Title: *"Connect with Our Island Concierge Team"*. 3 regional cards (col-12 col-lg-4):

1. *Colombo Headquarters*: Central Operations, VIP bookings, phone, email, WhatsApp.
 2. *Galle Fort Coastal Desk*: Beach tours, whale watching dispatch, southern express liaison.
 3. *Kandy Hill Country Desk*: Tea estate bookings, cultural permits, train transfers.
- **Comprehensive Inquiry Form (#inquiry-form)**: Housed in a clean .card-surface with inputs:
 - Full Name (*required text*)
 - Email Address (*required email format*)
 - Phone / WhatsApp Number (*required tel*)
 - Inquiry Category (*Select dropdown: Hotel Booking, Custom Tour Itinerary, Corporate/Event, General Question*)
 - Expected Travel Dates (*Date picker*)
 - Your Message / Itinerary Requirements (*Textarea, 4 rows*)
 - Consent Checkbox (*I agree to TravelPearl privacy & booking terms*)

- Submit Inquiry button (.btn-action-primary).
- **Form Validation & JavaScript Logic (scripts/scripts.js):** Implement `initContactForm()` with `event.preventDefault()` to validate:
 - All required fields are non-empty.
 - Email matches valid email regex (`isValidEmail`).
 - Phone contains numeric digits.
 - Checkbox is checked.

On error: add .is-invalid to offending inputs. On success: remove errors, show #contactSuccessAlert smoothly, change button text to "Inquiry Sent Successfully!", and reset form fields.

- **Concierge Guarantees Sidebar:** Card next to the form highlighting:
 - < 2 Hour Response Guarantee
 - Multilingual Specialists (English, Sinhala, Tamil, German, French)
 - 24/7 Island Emergency Chauffeur Dispatch
- **Support FAQ Accordion:** 3–4 items addressing direct telephone bookings, last-minute cancellations, and emergency services.

- **Student Profile (member6.html):** Document form architecture, JavaScript validation flow, accessibility attributes (aria-label, required), and error handling states.

Quick Component Cheat Sheet (For Everyone)

To build pages quickly, copy and customize these standardized snippets:

A. Standard Section Heading

HTML

```
<div class="text-center mb-5">
  <span class="badge rounded-pill bg-light text-primary px-3 py-2 mb-2 border">Category Tag</span>
  <h2 class="fw-bold text-dark-ink">Section Title Here</h2>
  <p class="text-muted-ink max-w-600 mx-auto">Short 1-line explanatory subtitle goes here.</p>
</div>
```

B. Standard Feature Card

HTML

```
<div class="card card-surface p-4 h-100">
  <div class="icon-circle-surface mb-3">
    <!-- Insert SVG Icon Here -->
  </div>
  <h4 class="fw-bold text-dark-ink mb-2">Card Title</h4>
  <p class="text-muted-ink mb-3">Detailed description explaining the feature clearly and concisely.</p>
  <a href="#" class="text-primary fw-semibold text-decoration-none">Learn More & rarr;</a>
</div>
```

C. Standard Pill Buttons

HTML

```
<a href="#booking" class="btn btn-action-primary rounded-pill px-4 py-2">Book Now</a>
<a href="#explore" class="btn btn-action-secondary rounded-pill px-4 py-2">Explore More</a>
```

D. Responsive Grid Rules

Screen Size	Breakpoint Class	Typical Use
Mobile (\$< 768\text{px}\$)	col-12	1 item per row (full

Screen Size	Breakpoint Class	Typical Use
		width)
Tablet ($768\text{px} - 991\text{px}$)	col-md-6	2 items per row
Desktop ($\geq 992\text{px}$)	col-lg-4 or col-lg-3	3 or 4 items per row
